Amin Abdipoor

Frontend-Developer

DoB: 31/01/2006   Marital Status: Single   Military Status: Educational Exempt

Profile

Frontend developer with two year of professional experience. Skilled in building high-performance, smooth-functioning applications using React and Next.js, with the ability to create user-friendly and visually appealing UIs. Eager to tackle new challenges in agile teams.

Projects

AMiN STORE CMS project

Description:
In this project, I developed an e-commerce website with all the essential features of an online store, along with the ability to publish articles. For the implementation, I used technologies such as React, TailwindCSS, Supabase, React Query, and MUI. The API for this project was built using Supabase.

aminabdi portfolio

Description:
As a front-end developer with 2 years of experience, I have designed and implemented my personal website to showcase my skills, projects, and contact information. Utilizing modern technologies such as Next.js, React, TypeScript, TailwindCSS, HTML5, and CSS, I have created a user-friendly and visually appealing platform. This project demonstrates my ability to develop responsive, optimized, and user-centric websites.
